

County Board Meeting Breaks Up

Five Members Quit Session Over Resolution

Special Meeting Will Be Held Saturday 9 a. m.

Party politics and personalities caused the July meeting of the Saline County Board of Supervisors to break up Thursday afternoon with important business remaining on the calendar and a special session of the board has been called for Saturday, July 20, at 9 a. m.

At 2:55 p. m. Ivan Wilson, Eldorado Democrat, presented a resolution and made a motion for its adoption that "No member be appointed to the Saline County Housing Authority from a township where that township has a member still serving on said board." The motion was seconded by Roy Moore, Eldorado Democrat.

Before a call could be made for a roll call vote five members of the Board, William Alfred Smith of Galatia, Howard Patterson of Long Branch, Raymond Fields of Carrier Mills and Ewell Winkelman and James Land of Harrisburg got up and walked out of the meeting.

Discussion Over Quorum

When the motion was made there were fourteen members present, with twelve required for a quorum. With the five departing, only nine were present, not a quorum.

Then began a prolonged discussion. Some thought a vote could be taken as a quorum was present when motion was made and seconded. However, Chairman Kenneth Jackson felt a quorum must be present when the vote is taken. The discussion went on for almost an hour.

Later Smith returned, made a motion that the meeting adjourn, but couldn't get a second. Shortly after 4 p. m., with six members still present, a recess was agreed to.

It was pointed out that if the meeting was recessed, the first order of business would be a roll call vote on the motion made just prior to the five-member walk-out.

Discuss Claims for Auditing

Two other matters came in for long discussions.

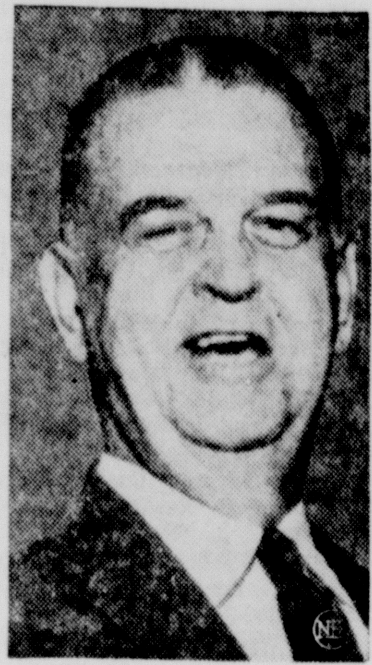

Following the reading of the claims a claim for approximately \$700 by the auditing firm of Coker and Coker for work done some time ago was discussed. The claim has been the topic of considerable talk at other meetings and has not been acted on.

Most of the claim covers work done in connection with the Grand Jury investigating alleged irregularities in county finance.

In the past it has been charged by board members that the board did not authorize the work and the claim was passed over.

During the discussion Thursday morning Chairman Jackson stated

Sheppard Case Reopened; Lie Test is Planned

DELAND, Fla. (AP) — The celebrated 1954 Sheppard murder case was reopened today on the basis of a "confession" by a Florida convict that he slugged a Cleveland, Ohio, woman the night Marilyn Sheppard was slain.

Ohio Gov. C. William O'Neill announced in Columbus that Dr. Samuel H. Sheppard, now serving a life term in prison for his wife's murder, will undergo a lie detector test.

Sheppard would not consent to a lie test in early stages of the murder case but later asked for one. He was denied the test at that time.

O'Neill told this news conference that he is "considering" evidence presented to him concerning the story told in Deland by Joseph Wedler, a blond, bushy-haired prisoner who said he wanted to "get a murder off my mind."

Until today Wedler's story had been accepted as just another yarn—25th in the number of "confessions" that have come out of the Sheppard case.

The Ohio governor said he is granting Sheppard's request for a lie detector test concerning the murder of his wife. Sheppard has maintained his innocence throughout, claiming Marilyn was killed by a bushy-haired intruder.

O'Neill said he authorized the test on Dr. Sam at the request of the prisoner and his attorney.

Private investigators meanwhile were working here trying to determine whether Wedler is telling the truth or spun the story in an effort to win publicity or freedom.

Nuclear-Armed Rocket Fired From Jet Plane

Formation Doused With Radiation By the Close Blast

ATOMIC TEST SITE, Nev. (AP) — A jet fighter plane fired a nuclear-armed rocket today, exploding it so close that it and two other planes were doused with radiation.

As the device was launched somewhere between 20,000 and 30,000 feet above the Atomic Energy Commission's desert test site, five Air Force officers stood unprotected on the ground directly below the blast to prove that civilian populations could safely survive the ordeal of an overhead explosion.

Three F89 Scorpion jets flew in V-formation and the leading plane launched the rocket. Crewmembers of the jets were doused with radiation because of their proximity to the blast and had to scurry to the ground for decontamination. What the process was for decontamination the AEC would not disclose.

The device was fired at 9 a. m. e.d.t. and was seen very brightly by reporters on News Nob a dozen miles away. The fireball was visible for 15-20 seconds, and then the cloud formed into a doughnut or smoke ring shape with a tinge of pink coloring and a weird spray trailing earthward.

More than a minute later the shock wave was felt. The cloud retained its doughnut form as it climbed and the ballerina-skirt spray began to disintegrate. Minutes later the cloud appeared as a puff of salmon-tinged cotton as it drifted out of sight.

Today's test was the first firing of a nuclear device by a fighter plane. Its impact was rated by the AEC only as less than 20,000 tons of TNT.

A sequence timer controlled the rocket from the time the parent plane left the Indian Springs Air Force Base 45 miles northwest of Las Vegas.

The timer remotely launched the weapon and electrically detonated it after it left the parent plane. Douglas Aircraft Co. described the rocket as its new MB1 Genie. It was fired at a theoretical target in space.

Swimming Pool Temporarily Closed

A block in a sewer line has caused the Harrisburg swimming pool to be temporarily closed. R. C. Adams, member of the Town Park Board announced today.

Mr. Adams stated the sewer block had not affected the pool proper, but caused unpleasant odors in the dressing rooms and it was believed best to close the pool until the situation was corrected.

The pool isn't expected to be closed more than a day or so.

Chicago Woman Named Nation's Top Secretary

ST. LOUIS (AP) — The National Secretaries Assn. Thursday night named Mrs. Ruth Clemence, 40, Chicago, as the country's top secretary for 1957.

Mrs. Clemence, whose hobby is attending college night classes, won out over 14 other secretaries vying for the title. She is secretary to W. F. Landes, vice president of Bell and Zoller Coal Co.

Mrs. Clemence, who has a 22-year-old daughter who also is a secretary, modestly described herself as "an average secretary."

Floyd Wakeland, Music Festival Founder, Dies

CARBONDALE, Ill. (AP) — Floyd V. Wakeland, 56, founder of the Southern Illinois Music Festival and the Southern Illinois University Madrigal Singers died Thursday night of a heart attack.

Wakeland, associate professor of music at SIU, died in Holden Hospital where he had been a patient 21 days.

Wakeland taught at Central College in Fayette, Mo., and at Kansas State Teachers College in Emporia before joining the SIU staff in 1939.

He received his bachelor's degree from Illinois Wesleyan University and his master's from Bush Conservatory in Chicago.

Survivors include his wife, Mary; a daughter, Mrs. Mary Hoskins; and a son, William, who is a music director in Hammond, Ind.

Funeral services will be held here at 2 p. m. Sunday in the First Methodist church, with burial Monday at Hoopeson, where Wakeland was born.

Two Harrisburg Business Places Are Burglarized

Authorities today were investigating the reported burglarizing of two Harrisburg businesses.

Chief of Police Ross Lane reported the DX bank plant was entered early this morning. At 2:15 a. m. three persons were seen leaving from the back of the bank plant and one of the men was carrying something, thought to be a case of oil.

The get-away automobile was parked across the railroad, east of the Harrisburg Water plant.

Entry was made by prying open a window on the north side of the building.

Efforts to open the office safe were unsuccessful. A few pennies were taken from a desk drawer.

Chief Lane said the police had uncovered a good lead in the case. Deputy Sheriff Charles Donelson investigated a reported break-in at Burger's Trading Post on Gum street, across from the depot.

He stated entry apparently was made through a back door and several rifle shells were said to be missing.

Two Kentucky Boys Drown Near Elizabethtown

ELIZABETHTOWN, Ill. (AP) — Authorities today sought the bodies of three boys who drowned while swimming in the swift current of the Ohio river near here.

Bobby Joe Jones, 19, Muriel Shaffer Jr., 15, and his brother, John Shaffer, all residents of Tolu, Ky., were drowned late Thursday.

Authorities said the three Kentucky boys were swimming near a sandbar with three of their friends near the Kentucky landing of the Elizabethtown ferry. The boys were sucked under by the current.

Fishermen and police dragged the river bottom for their bodies.

Mr. Dillard was in Harrisburg to attend the funeral of Serial Thompson.

Area Power Rates Not Too High, Group Finds

Claim Charges Do Not Impair Economic Growth

Public Report Made Following Probe By House Commission

SPRINGFIELD (AP) — There's no evidence that the level of electric power rates in southern Illinois "is responsible for impeding the economic growth and development" of the area, a study commission reported today.

The commission set up by the recent Legislature, to study allegedly "unreasonable" and "excessive" power rates, has made public its report.

The rates, the commission found, are "somewhat higher" than in other sections but the disparity in rates apparently was due "to factors such as density of population and the actual cost of bringing electric energy to the respective areas and not to any illegal 'disparity' in energy cost between southern Illinois and other areas."

The commission was set up after Rep. Bert Baker (D-Benton) requested it. Baker has charged power rates in southern Illinois are too high compared with rates in other states and other Illinois areas.

Baker and Rep. Gordon Kerr (R-Brookport) agreed with the commission report except for its findings that the disparity in southern Illinois power rates "do not substantially discourage the economic, industrial and residential growth of southern Illinois."

Urge Further Study

Both Baker and Kerr urged that the impact of the electric rate structure upon existing industry and possible new industry be investigated further.

The southern Illinois area is served largely by the Central Illinois Public Service Co. and Illinois Power Co.

Both offered extensive evidence when the commission held a public hearing here. Other evidence and testimony was taken at another hearing at Herrin.

"No evidence has been offered or found in the investigation," the report said "that the cost of electricity and power was the determining factor in causing any business or industry to cease operation" in southern Illinois.

Similarly, the commission report said, "there was no specific evidence submitted that the cost of electricity and power is responsible for impeding the economic growth and development of southern Illinois."

The electric rates of the two utilities are "neither the highest nor the lowest" in comparison with

Council Fails to Agree on Members of Board of Fire, Police Commissioners

Required Under New State Legislation; Approve Trustees for Pension Funds

The Harrisburg City Council met in an adjourned session Thursday evening to discuss appointment of three boards required under the recently enacted Illinois law providing for civil service status of firemen and policemen and pensions for the two groups.

The council failed to agree on one of the three boards.

The legislation provides for a board of Fire and Police Commissioners with the power to appoint members of the two departments, including chiefs of each and to make and publish rules for the departments.

The law also provides for applicants for jobs as police or firemen to be examined by the commissioners except those having previous employment status, with members holding positions for two years not to be examined and to retain positions held for one year previously.

The mayor, with consent of Council members, appoints the three-member commission, for three year terms, except the original appointments will be made so that one expires at the end of the current year, another expires at the end of the next ensuing year and the third

expires until the second next ensuing year.

Commissioners Named

The appointments also are to be divided among the employee class, employing class and not identified with either class. Also not more than two are to be from one major political party.

Mayor Claud Gibbons nominated commissioners as follows: Elmer Gibbons, one-year term; B. W. Hentley, two-year term; Vernon Smith, three-year term.

Following the nominations Commissioner Morris Darnell made a motion for approval. Mayor Gibbons asked for a second, but it was not forthcoming. Then the mayor seconded the motion and on roll call Mayor Gibbons voted "yes," Commissioner Darnell voted "yes," Commissioner Charles Hine voted "No" and Commissioner Sneed Jordan voted "No." The fifth member of the council, Commissioner Don Williams, was absent.

When Mayor Gibbons stated he was ready to nominate the Fire and Police Commissioners, Commissioner Hine objected, stating he did not think the matter should be considered unless the full membership of the council was present.

Mayor Gibbons, however, pointed out the Thursday night meeting was called for the specific purpose of discussing the Pension Board members and Commissioners. Also that all members had been notified of the meeting and that a quorum was present. "I do not think I am being unfair or unreasonable in presenting my choices for the Commission," Mayor Gibbons concluded.

Trustees Named

In announcing his nominations, Mayor Gibbons referred to the three men as "well qualified, honest and upright citizens." There was no other discussion prior to the voting.

Earlier in the meeting boards of trustees for the two pension funds were appointed.

The law provides for the mayor to appoint two of the four-member board of trustees for the Police Pension, with the active policemen to elect the other two. Mayor Gibbons appointed Jess Hunsaker and James Fort. The police elected Pat Atkinson and Link Rann.

Trustees of the Firemen's Pension Fund, according to the law, will be the mayor fire chief and two active firemen, so the local trustees are Mayor Gibbons, Fire Chief L. G. Martin and Firemen Harvey Hicks and Lawrence Logsdon.

The pension funds are financed by 5 per cent of the employees' salaries, a per centage of various fines, license fees and tax levies.

The city treasurer is ex-officio treasurer of the two pension funds.

Gov't Ends Year With Surplus

WASHINGTON (AP) — The government ended fiscal 1957 with a surplus of \$1,645,000,000, the Treasury Department announced today.

This compared with a \$1,626,000,000 surplus in fiscal 1956.

Treasury receipts in the 1957 fiscal year, which ended June 30, were \$70,989,000,000. Expenditures were \$69,344,000,000.

Secretary of the Treasury George M. Humphrey and Budget Director Percival F. Brundage said in a joint statement that receipts were 361 million dollars higher than estimated in January. Budget expenditures were 444 million dollars higher than estimated in January, "mainly due to larger expenditures for the Department of Defense which were not fully offset by lower expenditures in other departments."

Stratton Action Soon

Prison Gates are Expected to Swing Open For Leopold and Gangster Roger Touhy

SPRINGFIELD, Ill. (AP) — Illinois Pardon and Parole Board members will recommend freedom for the killer Nathan Leopold, it was reported today.

Reports also circulated that Stateville Penitentiary's gates will swing open for another highly controversial inmate, Prohibition Era gangster Roger (The Terrible) Touhy.

The five-man board met in a closed session Thursday, after which a spokesman said the Leopold case and an appeal for freedom by Touhy had been "disposed of."

Although the board's recommendations cannot be made public according to state law, speculation quickly spread through Springfield that Leopold and Touhy soon would be freed.

MINES

Sahara everything idle. Carmac idle. Will Scarlett work.

The Chicago Sun-Times, in a copyrighted story by John Dreiske, said Gov. William G. Stratton already has decided to reduce Leopold's term to 64 years, which means the 52-year-old slayer of little Bobby Franks would be eligible for immediate parole.

The story said Stratton also will vacate a 199-year term imposed on Touhy for jail break, paying the way for his release.

The Chicago Tribune quoted board members as saying they will recommend "some leniency" for Leopold and Touhy.

Stratton, who returned here by plane Thursday night from Washington, said he had not yet made up his mind in the cases of the two prisoners. However, he added he expected to announce his decision in about 10 days to two weeks.

"I don't know a thing about it until I get their report" from the board, Stratton continued.

"In reference to the man himself (Leopold) I think I should see the board's report and the records in the case before I make up my mind," the governor said.

Board members left Springfield after the meeting, but will return again next Thursday to review their recommendation and sign it before presenting it to Stratton.

The final decision is up to the governor, who is not required to follow the board's recommendations.

Should he be freed, Leopold frequently has said he would like to take a job paying \$7.50 per week and room and board as a laboratory technician in a hospital in Puerto Rico.

However, he has received numerous offers of high paying jobs, including one as an executive in a Chicago firm operated by one of his former classmates.

In his appeal, Leopold reminded the board he was in poor health and said he wanted to spend his remaining few years as a free man. He also denied being a genius.

"I am a fat, middle-aged, thoroughly ordinary man," he said.

The Four-Day Itch

Editorial — BY JAY HEAVILIN

It is estimated that a record-
breaking 83 million Americans, or
22 million families will spend
more than three billion dollars
on vacations this year.

Yet the sad fact is that count-
less millions of these vacationers
will find their dreams of happy
hours spoiled a bit by the "four-
day itch."

This is an ailment, unknown to
medical science, which usually
strikes us on the fourth day of va-
cation. Symptoms can be observ-
ed in all members of the family.

Dad will start muttering about
the muttonhead who has taken
over his office chores, or fret
about the customers he could be
calling on. He itches to get back
to the grind.

Though Mom probably won't ad-
mit it, she feels the same long-
ing. She misses the bridge club,
and she can't see the mountains
for those familiar mounds of dirty
clothes around the house. More-
over, she's discovered that the
"conveniences" of the summer
cottage aren't so convenient.

The thing spreads to the kids.
They complain the drinking water
tastes like distilled carpet tacks.
They miss their neighborhood
friends. And they worry that the
Queenie, who's been left at the
kennels, will spitefully starve her-
self to death.

Still, you can bet they'll all go
away next year and, according to
the trend, stay longer.

Why? There are lots of rea-
sons. National prosperity is one.
Improved highway facilities is an-
other. Enticing installment plans
help to spread vacation costs, and
industry believes more and more
that longer vacations often boost
productivity.

The biggest reason of all would
seem to be that the "four-day
itch" to return home isn't nearly
so bothersome as the "50-week
itch" to get away.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Northerners Split On Civil
Rights: FCC Appointee Learns
Legal Tricks To Thwart Hill
Slutts; Lime Lobby Over-
rides Secretary Benson.

WASHINGTON. — It probably
isn't known to most of their Sen-
ate colleagues, but the Senate
liberals are in a heck of a mess.
After crusading for years for civil
rights and being consistently
defeated by the Dixiecrat-Repub-
lican coalition, they now find
themselves divided among them-
selves and led by the Republican
leader of that one-time Dixiecrat
coalition.

How deep the disagreement is
came out in a secret meeting of
Democratic civil rights cham-
pions called by Sen. Paul Douglas
of Illinois. Present were Sen-
ators Anderson of New Mexico,
Carroll of Colorado, Murray of
Montana, Green and Pastore of
Rhode Island, Kennedy of Massa-
chusetts, Symington of Missouri,
Neuberger of Oregon, and McNa-
mara of Michigan—all Democrats.

At the start of the meeting Ne-
uberger observed the absence of
another stalwart liberal, Wayne
Morse of Oregon.

"I am sorry my colleague is not
present," he remarked. "I would
prefer to be fighting side by side
with him. It is difficult for me to
enter into any arrangements here
with Wayne absent because, un-
fortunately, the newspapers in
Oregon have been trying to give
the impression that there is a split
between us. Of course there is
nothing of the kind."

"It is quite evident why Wayne
is not here," replied Douglas,
who was presiding. "He voted
against Rule 14 the other day."

"In that case, I had better ex-
cuse myself," interposed Sen.
Clinton Anderson of New Mexico,
"because I did too. Before I do,
however, let me give you some
advice."

"There are five men sitting in
the front row of the Democratic
side. I want to name them in the
order of their seats. Kerr (Okla.),
Frear (Del.), Anderson (N. Mex.),
Magnuson (Wash.), Mansfield
(Mont.). They all voted against
Rule 14, and you're going to need
their help. You haven't got it
now."

BEGINNING OF THE SPLIT

"Then," continued Anderson,
"on the second row back from the
end seat is this fellow Morse. And
let me tie you off, you're going to
regret the day that you sent this
bill to the calendar without going
through the Judiciary committee,
because you are going to have to
admit in the end that Morse was
right."

This referred to the battle
which first split the liberal Demo-
crats — namely when Morse or
Oregon argued that the civil rights
bill, passed in the House of Repre-
sentatives, should not be put on
the Senate calendar immediately,
but should go to the Senate Ju-
diary committee.

Other liberals argued that if
sent to the Judiciary committee,
it would be blocked by Chairman
Eastland of Mississippi for weeks,
just as it has been blocked by him
ever since January.

"I also want to make it very
clear," continued Anderson, "that
I have no intention of following
the leadership of Knowland of Cal-
ifornia through the senator of Il-
linois (Douglas)."

"Furthermore, I want to make
it clear that I'll have no part of the
3-to-1 ratio," said Anderson, re-
ferring to the arrangement where-

by three Republicans—Dirksen of
Illinois, Case of New Jersey, and
Knowland on one side—met with
only one Democrat, Douglas, on
the other side to discuss civil
rights strategy.

"Some of us tried to get civil
rights passed last winter by
changing cloture," reminded An-
derson, "but we didn't get much
help from Mr. Knowland. If he
wanted civil rights he could have
started to work for it then. A good
many Republicans would have
joined us in changing cloture if
Knowland had helped. But he
didn't help. So I object to march-
ing under his banner now."

"I remember," concluded An-
derson, "that for many years
when we tried to do something
on civil rights, Bob Taft would go
over and whisper with Dick Rus-
sell (Georgia) and we would be
licked."

"So let's follow our own lead-
er, not these recent Republican
converts."

WASHINGTON WHIRL

Fred Ford, promoted from a
minor Justice Department job to
be a Federal Communications
Commissioner, has orders to keep
congressional investigators out of
FCC files. He received special in-
struction from his boss, Deputy
Attorney General Bill Rogers, on
legal tricks to keep Congress
from prying into FCC secrets.

The Senate's No. 1 Democrat,
Lyndon Johnson of Texas, has
been belittling the No. 2 Demo-
crat, Mike Mansfield of Montana,
behind his back. Lyndon has been
whispering around the Senate
cloakroom that Mike isn't too
bright. . . . Actually, the strait-
laced Mansfield is less of a poli-
tician but more of a scholar than
Johnson. (Mansfield used to be a
history professor at the University
of Montana.) . . . House Speaker
Rayburn is telling this one on
himself: At the Truman library
dedication in Kansas City, he saw
a couple eyeing his bald dome and
overheard one comment: "I didn't
know Yul Brynner was a Demo-
crat."

LORESTONE LOBBY

The limestone lobby won an
unreported victory the other day
over Secretary of Agriculture
Benson, who tried to economize
behind Congress' back.

Benson wanted to cut out pay-
ments to farmers for spreading
lime on their soil. This increases
the crop yield, which is the last
thing he wants to do. His main
objective is to reduce farm sur-
pluses.

Knowing Congress favors con-
servation practices, however, Ben-
son kept quiet about his plan to

cut the limestone subsidy. He
waited until the Senate-House
conferes were supposed to have
agreed on the soil-conservation
budget, then issued a secret order
to chop off the payments for lime
spreading.

What Benson didn't learn until
too late, however, was that the
budget agreement had been delay-
ed a day. Meanwhile, one of Ben-
son's boys leaked the secret order
to the National Limestone Insti-
tute, which rushed up to Capitol
Hill with it.

Sen. Dick Russell (D., Ga.) and
Congressman Jamie Whitten (D.,
Miss.) were furious at Benson for
trying to economize on soil con-
servation behind their backs. They
promptly inserted a directive in
the delayed Senate-House report
that the Agriculture Department
must continue paying farmers for
spreading lime on their fields.

"Let's sit 'a spell."

"Sit and enjoy a cool and refreshing drink.

"Helps, doesn't it? Nothing like a cool, refreshing drink during hot weather to help a man to reflect. Relax first, and then reflect about where we are, and what we are up to doing.

"Not on national issues! Nor on local issues, either, for that matter! We'll leave that to the professional worriers. Let's reflect on how we look, who knows us, how come we are forgotten now and then, and what we can do about it.

"All right! We are all too busy to get around as we should. We are too busy to see all the folks and visit with all the people we need to see and talk with either in business or socially. Can't multiply ourselves often enough!

"We can't? Wait a minute. Yes, we can multiply ourselves. We can have a good portrait made, one which looks the way we want to look and one that shows us at our best. One that represents us when we are not present to represent ourselves.

"Say! That's pretty terrific, isn't it? Sure is! Now, why not let me help you — now, for what it will do for you — tomorrow?"

First Baptist W. M. S. Has Royal Service Program

Members of all the circles of the First Baptist Woman's Missionary society met in the church auditorium Thursday afternoon for their regular monthly Royal Service program.

Mrs. Herman Davis, who will close her two years as president of the W. M. U. the last of September, opened the meeting by leading the group in singing the hymn, "On Greenland's Ice Mountain," and then led in a count by circles, chairman reports, and the usual business of the meeting.

The Aletha Fuller circle was in charge of the program for July. Mrs. M. R. Williams, who is the chairman for the circle, presented her members in giving the lesson on "The Peninsula of Malaya."

The opening hymn for this part of the program was "All the Way My Saviour Leads Me," followed by a touching devotion by Mrs. John Sisk. Her scripture was read from Isaiah 51:5. Mrs. Mima Woolard led the prayer that followed.

"The Land and The People," was by Mrs. Mora Laxton. Mrs. M. R. Williams discussed the next two topics, "Malaya's Religions" and "Baptists Enter Malaya." Mrs. Kenneth Dunn talked on "We Preach to the Chinese," and Mrs. Virginia Howell on "The National Workers." Mrs. Thelma Josey, substituting for Mrs. Raymond Greer, who could not be present, talked on the topics, "We Heal and Teach" and "We Progress and Hope."

Mrs. Williams brought the optimistic and last topic, "The Future is Bright." The closing hymn was "Sweet Peace the Gift of God's Love."

It was made known at this gathering that Mrs. D. H. Hiller would be the new president beginning the new church year on Oct. 1.

The meeting was dismissed by prayer with Mrs. Corby Wickham leading in remembering the missionaries to Malaya, and also a number of seriously ill members and friends.

He purchased five Dodge trucks from Kenneth Davis in Marion and reached his peak of driving from 1948 to 1953, driving a '48 Dodge 50,000 miles, and '49 and '52 models 400,000 miles, which made 450,000 miles for a five-year period of his 700,000 miles of driving from coast to coast for 10 years—1943 to 1953.

His approximate mileage covered during the 45 years is 2,100,000, an average of about 45,000 miles per year, or 90,000 miles annually from 1948 to 1953.

Stratton Veto Ends Mosquito Control Plans

A stroke of Gov. William Stratton's veto pen wiped out plans for a mosquito control project in the Carrier Mills-Stonefort area.

The Carrier Mills-Stonefort area has suffered from mosquitoes for the past two seasons and this spring Mayor Freeman O'Keefe requested aid in controlling the pests. His appeal to the State Health Department was favorably received and members of the State Legislature from this district introduced a bill that appropriated \$10,000 for the control program.

Early in July Mayor O'Keefe received word the bill had passed and representatives of the Health Department made several trips into the area, studying the situation and making recommendations for the control program.

As recent as Monday of this week a Health Department representative was in Carrier Mills and talked with Mayor O'Keefe and it was thought the spraying program would start before the week ended.

However Mayor O'Keefe received a letter Thursday, dated July 16, stating the appropriation had been vetoed by Gov. Stratton and the Health Department can no longer participate in the program.

The letter did offer suggestions on carrying out the control program if it could be financed locally, but Mayor O'Keefe stated there were no plans to do anything at present.

WELCOME, NUMBER 2,333,333! Of course the baby has a name — Alice, perhaps, or Bob, or Carol. We burden it with a number temporarily, to point up approximately how many "little strangers" the stork has brought into these United States by this time each year — a figure that usually exceeds 4 million by the year's end. Our community gets its share; our community's parents get their share of expense. And our bank, like the banks in many other communities, makes "stork loans" to help parents meet such expense.

Evansville CIO Team to Play VFW Saturday Night

The Evansville CIO Baseball team, sporting a 15-3 record, will invade Harrisburg to play the VFW Baseball team Saturday at 8 p. m. on VFW field.

Evansville has three ex-minor leaguers in Heard, last year's Evansville Braves catcher, Jim Nichols, another ex-Brave player, and Bill Roland, the all-time strike-out king of the Evansville Braves. Roland played in the Western Association last season but developed arm trouble and this season has been managing and playing for the Richland, Ind., team. Bill will play first base Saturday night.

W. Chambers, one of the best colored pitchers in the Evansville area, will pitch and Heard will catch. Chambers is a crafty left-hander and gives most every team trouble.

Hitting practice will start at 6:30 for the locals.

Braves Defeat Phillies, 4-2, Extend Lead as Dodgers Defeat the Cardinals, 10-9

Note to those irate Milwaukee fans who hanged Fred Haney in effigy the other day: It's okay, fellas, you can cut him down now.

The suddenly steamed-up Braves, winners in six of their last eight games, are a full game ahead of the National League pack today so that should make everything hunky-dory with all Milwaukee burghers right now.

The Braves defeated the Phillies, 4-2, Thursday night as catcher Del Rice drove in three of Milwaukee's runs with a home run and a single. Bob Buhl went 8 2-3 innings to gain his 10th victory, with rookie Don McMahon coming in to strike out Harry Anderson for the final out. Curt Simmons was the loser.

Brooklyn remained 1 1-2 games off the pace by beating St. Louis, 10-9, in an 11-inning contest, while

Cincinnati nipped the Giants, 2-1, and Pittsburgh defeated Chicago, 6-5.

Yanks Running Away
The Yankees opened up a five-game lead in the American League, their biggest margin of the year, with a 3-2 victory over Detroit, as Baltimore rallied for five runs in the ninth to lick the second-place White Sox, 6-2. Boston beat Kansas City, 3-1, and Washington blanked Cleveland, 4-0.

Gil Hodges' 12th grand slam homer of his career was the highlight of the Dodgers' victory. That blow tied him with Ralph Kiner and Rogers Hornsby for the all-time National League leadership and it came in the last of the ninth to tie the score after St. Louis had pushed across seven runs in the top of the inning. Duke Snider, who homered in the third inning, doubled in the 11th and scored the winning run on Ed Kasko's error. Roger Craig was the winner.

Gus Bell provided Cincinnati with enough runs to win when he hit a two-run homer off Stu Miller in the third inning. Johnny Klippstein held the Giants scoreless until Bobby Thomson opened the ninth with a homer. When Ed Bressoud followed with a single, Raul Sanchez relieved Klippstein and got the final three outs.

The Pirates won their game from the Cubs with a four-run rally in the ninth. Bill Mazeroski's infield single with the bases loaded scored Dick Groat with the winning run. Ernie Banks and Chuck Tanner each hit inside-the-park homers for the Cubs. Reliever Luis Arroyo was the winning pitcher.

Ballarin-Calhoun Bout Tonight

SYRACUSE, N. Y. — Germain Ballarin, the rugged French middleweight with the black handlebar mustache, gets his first stiff American test tonight in a 10-rounder with fifth-ranking Rory Calhoun at the War Memorial Auditorium.

Their bout will be televised and broadcast nationally by NBC at 8 p. m. e. s. t.

Calhoun of White Plains, N. Y., is favored at 13-5 because of his aggressive "Rocky Marciano" slugging style and because Ballarin was not impressive in his U. S. debut July 1, when he outpointed Bob Provlitz at St. Nicholas Arena in New York.

Cardinals to Hold

Baseball Tryout Camp

At Marion August 1-2

The St. Louis Cardinals will stage a baseball tryout camp at City Park in Marion on August 1 and 2, it was announced today by Farm Director Walter Shannon.

Veteran talent scouts will be on hand each morning at 10 o'clock to eye the young hopefuls. The tryouts are open to all players between 17 and 23.

"This is a big break for the players in the area to show their baseball ability and get a start in professional baseball," commented Shannon, a former player and scout.

A player must bring his glove, baseball shoes, and a uniform if he has one. All other equipment will be furnished by the St. Louis Cardinals.

Expenses incidental to attending the camp will be refunded to a player signed to a contract with one of the Cardinal-operated clubs. To take part in the tryouts an American Legion player must have a letter of approval from either his Legion coach or Post commander.

Stoneham Says Giants Will Move To California

NEW YORK — It's official! The Giants are clearing out of New York and heading for San Francisco where they plan to open for business next April.

Club President Horace Stoneham put it right on the line during a Polo Grounds press conference Thursday. He said this will be the Giants' last year in New York. And he cited "a steady decrease in income" along with "transportation and parking problems" as the main reasons for moving.

The only major detail still to be ironed out, Stoneham said, is the financial proposition San Francisco city officials will offer the Giants.

Frisco Mayor Pleased
In Los Angeles, Mayor George Christopher of San Francisco, obviously pleased by Stoneham's statements, said he planned to leave for New York tonight where he intends to confer with the Giants' president.

Stoneham said he was going to recommend to the Giants' board of directors that the club set up shop in San Francisco next season "providing we get a good deal from that city."

San Francisco officials, it is known, are prepared to meet the Giants' terms.

Stoneham said the Giants would be interested in paying 6 or 7 percent of the gate receipts as the rental fee for a ball park in San Francisco.

To Attend National Meeting Methodist Men

J. O. Hall, 1122 South Webster, Harrisburg, left at 5 a. m. today for Lafayette, Ind., to attend the 2nd annual National Conference of Methodist men, to be held Friday through Sunday, at Purdue University. Mr. Hall attended the conference last year. He represents the First Methodist church, Harrisburg, and will lead a discussion group at the conference.

County Board Meeting Breaks Up

(Continue. from Page One)

he had been told by Robert Coker that he would be in Saline County at the time of the August meeting and would appear before the group to discuss the claim.

A motion was made to pay the claim, but was voted down 11-5, with those voting "no" stating they did so due to the promised visit next month by Mr. Coker.

Industrial Group Claims

Also included in the claims were claims by two members of the Industrial Committee of the Board of Supervisors for pay for days spent on the committee. Raymond Fields for three days and Ewell Winkelman for five days' work.

Dr. John Slightom started the discussion by stating he thought the committee members were to serve without pay. Some other board members expressed the same opinion.

Others thought the men should receive compensation, but didn't know where the money would come from as there was no appropriation for such a committee.

Aubrey Giles of Eldorado, third member of the committee, stated he had not filed a claim as he thought the service was to be without pay.

Practically every member of the board spoke on the matter, many stating that pay was received for all other committee work and the members of the Industrial Committee should be treated like all others.

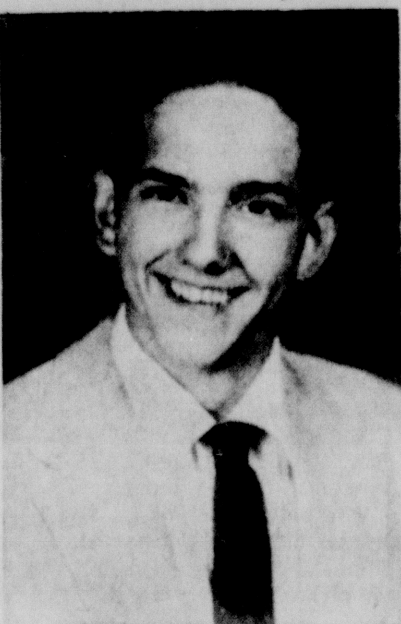

A motion was made to allow the claims, paying from the General fund. On roll call eleven voted "Yes," three voted "No" and two voted "Present."

Other Business

Charles Oakley, Certified Public Accountant from Paducah and formerly from Harrisburg, stated his firm would appreciate being considered when the board hired a firm to audit the books for the year 1957. The board also is to hire someone to finish the 1956 audit and Mr. Oakley suggested the firm of Rice and Bedel, who did the first ten months' audit, would be the proper firm to get as they would have the advantage of being familiar with the accounts for the year.

In other business the board approved the report of Treasurer Mavnard Cannon, adopted road-building resolutions presented by County Engineer Ralph Brown, approved a contract with Henry's Typewriter Service to service the 13 adding machines and 16 typewriters in the court house for a twelve month period at a cost of \$516.25, heard a report from members of the Industrial Committee on activities during the month, discussed oil assessments and then came the resolution by Mr. Wilson that brought the lengthy meeting to a close.

Attorney Not There

Estranged Husband Kills Wife, Stepdaughter in Chotiner Office

BEVERLY HILLS, Calif. (AP) — A 47-year-old liquor store clerk today was held on charges of murdering his estranged wife and 15-year-old stepdaughter in the office of attorney Murray M. Chotiner, 1952 campaign manager for Vice President Lichard M. Nixon.

Police said Leo Aaron Lewie rushed into Chotiner's office Thursday and fired a barrage of shots from a .45 automatic pistol at his wife, Blanche, and the stepdaughter, Minda Birnbaum. Chotiner had left his office for home 15 minutes before the shooting.

Mrs. Lewie died instantly and the girl died an hour later while undergoing surgery at an emergency hospital.

Officers said Mrs. Lewie had consulted with Chotiner earlier about divorce action she was bringing against her husband. Lewie had been free on bail and had been ordered to appear in court Monday on charges of immoral acts against his stepdaughter, the second victim of the shooting.

Lewie fled immediately after the shooting and was captured several hours later in a phone booth at a miniature golf course. He told police he was phoning his attorney.

Police said Lewie admitted the shooting. He told detectives that he had gone to the attorney's office to tell Chotiner that "my wife better leave me alone." He said he intended to shoot himself in front of his wife but that she grabbed a pair of scissors and he opened fire with the pistol.

Red Cross Life Saving Class at Pool Next Week

Louie Beltz, Water Safety chairman of the Red Cross chapter, announced a Life Saving class will be taught at the Harrisburg swimming pool Monday through Friday for both juniors and seniors. To enroll in the Junior class, students must be 12 years of age and 16 years of age is the requirement for the seniors. The class will start at 5 p. m. Monday, July 25, or when the pool reopens. The volunteer instructors are Judy Belt and Charles Polk. The class is free of charge. Mr. Belt stated to qualify for this course, one must be a good swimmer as swimming is not taught, just life saving.

This class has been authorized by the Red Cross Water Safety chairman and Roscoe Johnson, manager of the swimming pool. The cooperation of the pool management is making this course possible and is appreciated and everyone enrolling will be expected to abide by the pool rules and regulations. Only ten are enrolled in this class so it is still open for enrollment.

John Crawford Wilson Jr. will instruct.

The class being taught by Michael Hutton Bacon, with an enrollment of 15 pupils, is almost completed.

Area Power Rates Held Not Excessive

(Continued from Page One)

other states and other Illinois areas, the report said. "A general pattern of objection to the size of individual electric bills," but there was no evidence that the rates were "unreasonable."

Lutheran Statement

Boycott utilities, the report said, "have available ample electric energy for a substantial increase in the industrial, commercial and residential development" of the area.

M. S. Lutheringer, president of CIPS, stated today, following the report, "The committee's report is proof that southern Illinois has not been discriminated against in the matter of electric rates and that these rates, while neither the highest nor lowest when compared to those of surrounding states, are reasonable in relation to costs. The report is based on a thorough examination of the facts and on information obtained in extensively publicized open hearings. It was shown that industrial progress since World War II in the areas served by CIPS has been much greater than in the state or nation and that southern Illinois has done as well as the state.

"From the outset, our company gave wholehearted cooperation to the legislative committee investigation. It was welcomed by CIPS as an opportunity to show what the company had done and is doing to assist in the economic and industrial progress of the communities it serves. Every constructive effort to make the areas we are privileged to serve better places in which to work and live will continue to receive our wholehearted assistance and cooperation."

Receives Contracts

Orval Nelson, local manufacturers representative, announced today he had been awarded contracts for new parking meters and their installation in the following towns: Marion, Carmi and McLeansboro in Illinois and Albany, Elkhart and Marion, all in Kentucky.

The shooting was witnessed by Chotiner's secretary, Mrs. Carol A. Tannis, 27. Mrs. Tannis said Lewie stormed into the office and shouted at his wife "What are you trying to do to me?"

She said Lewie, an alien from Palestine who came to the United States in 1953, then pulled out the pistol and shot his wife. Mrs. Tannis said the daughter started to run but fell at the door of the sixth-floor office and Lewie fired at her.

State Population Climbs 775,000 In Six Years

SPRINGFIELD — Illinois' population has climbed about 775,000 in six years, to a 1956 level of 9,487,000, the state Health Department reported today.

The estimate, through 1956, was made for the department by the population research and training center at the University of Chicago.

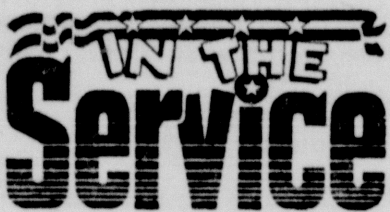

The department said the estimate indicated that about 93 per cent of the increase was "natural," in that it represented an excess of births over deaths. The remaining increase resulted from the excess of persons coming into Illinois over those leaving the state.

The estimate also indicated, the department said, that the "dependent" groups include children under 15 and persons over 65. The proportion of the population of persons in the 15-64 group decreased.

Other highlights of the estimate: —A much more rapid increase in populations in metropolitan areas than in non-metropolitan areas.

—A faster growth of non-white population than of whites. The 1956 proportion of non-whites, about 890,000, was about 10 per cent of the total state figure.

The department said Aurora, Decatur, Joliet and Rockford has shown rapid growth in the six-year period; East St. Louis and Peoria moderate growth; Berwyn, Chicago, Cicero, Evanston and Springfield relatively little population growth, and Oak Park showed a decline in population.

Aged Mother of Liberace Beaten By 2 Hooded Men

SHERMAN OAKS, Calif. (AP) — The 65-year-old mother of pianist Liberace was beaten Thursday night by two hooded men who accosted her in her garage. She suffered possible rib fractures and bruises, police said today.

Mrs. Frances Liberace told police one of the men kicked her as she tried to flee from them, and before she fainted she heard one of them say, "Kick her again so we'll have something to laugh about later."

She was treated by a private physician who said she suffered bruises and contusions on her back, possible fractured ribs and shock. She was placed under sedatives.

Officers said there was no evidence of burglary or robbery.

Police officers D. Richards and C. Neuman reported the victim told them she was working in the kitchen and had to go to the garage where the incinerator is located to empty some trash. While in the garage, she heard a noise, turned and saw two men wearing black hoods over their heads and dark stockings over their shoes.

She said the men approached her without speaking and she started to run toward the kitchen, losing both shoes as she fled. One of the men kicked or hit her in the back and she fell, hearing the comment, "Kick her again" as she lost consciousness.
